

Universal wording updates to improve clarity and intent were made to all FIG text for this form on 06/12/2009.

Section Name	Field Name	Field and/or Section Description
TITLE ACORD 406 (2007/09)	Agriculture Supplement / Unscheduled Farm Personal Property Inventory Form	The title of the form. ACORD 406, Agriculture Supplement / Unscheduled Farm Personal Property Inventory Form, is used as an attachment to ACORD 403, Agriculture Property Section, Scheduled and Unscheduled Farm Personal Property, to provide an inventory of unscheduled personal property.
IDENTIFICATION SECTION	Agency Customer ID	Enter identifier: The customer's identification number assigned by the producer (e.g. agency or brokerage).
IDENTIFICATION SECTION	Loc #	Enter number: The producer assigned number of the location. As used here, enter the location number as it appears on the ACORD 401, Agriculture Application Applicant Information Section.
IDENTIFICATION SECTION	Date	Enter date: The month/day/year on which the form is completed. (MM/DD/YYYY)
IDENTIFICATION SECTION	Agency	Enter text: The full name of the producer/agency.
IDENTIFICATION SECTION	Applicant/First Named Insured	Enter text: The named insured(s) as it/they will appear on the policy declarations page.
IDENTIFICATION SECTION	Policy Number	Enter identifier: The identifier assigned by the insurer to the policy, or submission, being referenced exactly as it appears on the policy, including prefix and suffix symbols. If required for self-insurance, the self-insured license or contract number.
IDENTIFICATION SECTION	Carrier	Enter text: The insurer's full legal company name(s) as found in the file copy of the policy. Use the actual name of the company within the group to which the policy has been issued. This is not the insurer's group name or trade name.
IDENTIFICATION SECTION	NAIC Code	Enter code: The identification code assigned to the insurer by the NAIC.
IDENTIFICATION SECTION	Account Number	Enter identifier: The account number to be used for billing purposes. This is the billing number assigned by the billing entity. If agency bill, the agency assigns; if direct bill, the insurer assigns. If the account already exists, the agent should provide the previously assigned number.
IDENTIFICATION SECTION	New	Check the box (if applicable): Indicates the response expected from the company is a new issued policy.
IDENTIFICATION SECTION	Rnwl	Check the box (if applicable): Indicates the response expected from the company is a renewed policy.
IDENTIFICATION SECTION	Effective Date	Enter date: The effective date of the policy. The date that the terms and conditions of the policy commence.
IDENTIFICATION SECTION	Expiration Date	Enter date: The date on which the terms and conditions of the policy will expire.

Section Name	Field Name	Field and/or Section Description
INVENTORY	Property Class One	Enter code: The code identifying the class / grouping of property into which the item falls. As used here, the main property class (i.e. Agricultural machinery and implements) as shown on the 403 Agriculture Property Section.
INVENTORY	Property Sub-Class One	Enter code: The code identifying the subclass / grouping of property into which the item falls. As used here, this is the sub property class (i.e. Tractors) as shown on the 403 Agriculture Property Section.
INVENTORY	Description One	Enter text: The description of the property class / grouping to be covered.
INVENTORY	Total Value One	Enter amount: The value of the item. As used here, the value of described item that when totaled with all items will give the Total Unscheduled Limit for the 403.
INVENTORY	Property Class Two	Enter code: The code identifying the class / grouping of property into which the item falls. As used here, the main property class (i.e. Agricultural machinery and implements) as shown on the 403 Agriculture Property Section.
INVENTORY	Property Sub-Class Two	Enter code: The code identifying the subclass / grouping of property into which the item falls. As used here, this is the sub property class (i.e. Tractors) as shown on the 403 Agriculture Property Section.
INVENTORY	Description Two	Enter text: The description of the property class / grouping to be covered.
INVENTORY	Total Value Two	Enter amount: The value of the item. As used here, the value of described item that when totaled with all items will give the Total Unscheduled Limit for the 403.
INVENTORY	Property Class Three	Enter code: The code identifying the class / grouping of property into which the item falls. As used here, the main property class (i.e. Agricultural machinery and implements) as shown on the 403 Agriculture Property Section.
INVENTORY	Property Sub-Class Three	Enter code: The code identifying the subclass / grouping of property into which the item falls. As used here, this is the sub property class (i.e. Tractors) as shown on the 403 Agriculture Property Section.
INVENTORY	Description Three	Enter text: The description of the property class / grouping to be covered.
INVENTORY	Total Value Three	Enter amount: The value of the item. As used here, the value of described item that when totaled with all items will give the Total Unscheduled Limit for the 403.
INVENTORY	Property Class Four	Enter code: The code identifying the class / grouping of property into which the item falls. As used here, the main property class (i.e. Agricultural machinery and implements) as shown on the 403 Agriculture Property Section.
INVENTORY	Property Sub-Class Four	Enter code: The code identifying the subclass / grouping of property into which the item falls. As used here, this is the sub property class (i.e. Tractors) as shown on the 403 Agriculture Property Section.
INVENTORY	Description Four	Enter text: The description of the property class / grouping to be covered.
INVENTORY	Total Value Four	Enter amount: The value of the item. As used here, the value of described item that when totaled with all items will give the Total Unscheduled Limit for the 403.

Section Name	Field Name	Field and/or Section Description
INVENTORY	Property Class Five	Enter code: The code identifying the class / grouping of property into which the item falls. As used here, the main property class (i.e. Agricultural machinery and implements) as shown on the 403 Agriculture Property Section.
INVENTORY	Property Sub-Class Five	Enter code: The code identifying the subclass / grouping of property into which the item falls. As used here, this is the sub property class (i.e. Tractors) as shown on the 403 Agriculture Property Section.
INVENTORY	Description Five	Enter text: The description of the property class / grouping to be covered.
INVENTORY	Total Value Five	Enter amount: The value of the item. As used here, the value of described item that when totaled with all items will give the Total Unscheduled Limit for the 403.
INVENTORY	Property Class Six	Enter code: The code identifying the class / grouping of property into which the item falls. As used here, the main property class (i.e. Agricultural machinery and implements) as shown on the 403 Agriculture Property Section.
INVENTORY	Property Sub-Class Six	Enter code: The code identifying the subclass / grouping of property into which the item falls. As used here, this is the sub property class (i.e. Tractors) as shown on the 403 Agriculture Property Section.
INVENTORY	Description Six	Enter text: The description of the property class / grouping to be covered.
INVENTORY	Total Value Six	Enter amount: The value of the item. As used here, the value of described item that when totaled with all items will give the Total Unscheduled Limit for the 403.
INVENTORY	Property Class Seven	Enter code: The code identifying the class / grouping of property into which the item falls. As used here, the main property class (i.e. Agricultural machinery and implements) as shown on the 403 Agriculture Property Section.
INVENTORY	Property Sub-Class Seven	Enter code: The code identifying the subclass / grouping of property into which the item falls. As used here, this is the sub property class (i.e. Tractors) as shown on the 403 Agriculture Property Section.
INVENTORY	Description Seven	Enter text: The description of the property class / grouping to be covered.
INVENTORY	Total Value Seven	Enter amount: The value of the item. As used here, the value of described item that when totaled with all items will give the Total Unscheduled Limit for the 403.
INVENTORY	Property Class Eight	Enter code: The code identifying the class / grouping of property into which the item falls. As used here, the main property class (i.e. Agricultural machinery and implements) as shown on the 403 Agriculture Property Section.
INVENTORY	Property Sub-Class Eight	Enter code: The code identifying the subclass / grouping of property into which the item falls. As used here, this is the sub property class (i.e. Tractors) as shown on the 403 Agriculture Property Section.
INVENTORY	Description Eight	Enter text: The description of the property class / grouping to be covered.
INVENTORY	Total Value Eight	Enter amount: The value of the item. As used here, the value of described item that when totaled with all items will give the Total Unscheduled Limit for the 403.

Section Name	Field Name	Field and/or Section Description
INVENTORY	Property Class Nine	Enter code: The code identifying the class / grouping of property into which the item falls. As used here, the main property class (i.e. Agricultural machinery and implements) as shown on the 403 Agriculture Property Section.
INVENTORY	Property Sub-Class Nine	Enter code: The code identifying the subclass / grouping of property into which the item falls. As used here, this is the sub property class (i.e. Tractors) as shown on the 403 Agriculture Property Section.
INVENTORY	Description Nine	Enter text: The description of the property class / grouping to be covered.
INVENTORY	Total Value Nine	Enter amount: The value of the item. As used here, the value of described item that when totaled with all items will give the Total Unscheduled Limit for the 403.
INVENTORY	Property Class Ten	Enter code: The code identifying the class / grouping of property into which the item falls. As used here, the main property class (i.e. Agricultural machinery and implements) as shown on the 403 Agriculture Property Section.
INVENTORY	Property Sub-Class Ten	Enter code: The code identifying the subclass / grouping of property into which the item falls. As used here, this is the sub property class (i.e. Tractors) as shown on the 403 Agriculture Property Section.
INVENTORY	Description Ten	Enter text: The description of the property class / grouping to be covered.
INVENTORY	Total Value Ten	Enter amount: The value of the item. As used here, the value of described item that when totaled with all items will give the Total Unscheduled Limit for the 403.
INVENTORY	Property Class Eleven	Enter code: The code identifying the class / grouping of property into which the item falls. As used here, the main property class (i.e. Agricultural machinery and implements) as shown on the 403 Agriculture Property Section.
INVENTORY	Property Sub-Class Eleven	Enter code: The code identifying the subclass / grouping of property into which the item falls. As used here, this is the sub property class (i.e. Tractors) as shown on the 403 Agriculture Property Section.
INVENTORY	Description Eleven	Enter text: The description of the property class / grouping to be covered.
INVENTORY	Total Value Eleven	Enter amount: The value of the item. As used here, the value of described item that when totaled with all items will give the Total Unscheduled Limit for the 403.
INVENTORY	Property Class Twelve	Enter code: The code identifying the class / grouping of property into which the item falls. As used here, the main property class (i.e. Agricultural machinery and implements) as shown on the 403 Agriculture Property Section.
INVENTORY	Property Sub-Class Twelve	Enter code: The code identifying the subclass / grouping of property into which the item falls. As used here, this is the sub property class (i.e. Tractors) as shown on the 403 Agriculture Property Section.
INVENTORY	Description Twelve	Enter text: The description of the property class / grouping to be covered.
INVENTORY	Total Value Twelve	Enter amount: The value of the item. As used here, the value of described item that when totaled with all items will give the Total Unscheduled Limit for the 403.

Section Name	Field Name	Field and/or Section Description
INVENTORY	Property Class Thirteen	Enter code: The code identifying the class / grouping of property into which the item falls. As used here, the main property class (i.e. Agricultural machinery and implements) as shown on the 403 Agriculture Property Section.
INVENTORY	Property Sub-Class Thirteen	Enter code: The code identifying the subclass / grouping of property into which the item falls. As used here, this is the sub property class (i.e. Tractors) as shown on the 403 Agriculture Property Section.
INVENTORY	Description Thirteen	Enter text: The description of the property class / grouping to be covered.
INVENTORY	Total Value Thirteen	Enter amount: The value of the item. As used here, the value of described item that when totaled with all items will give the Total Unscheduled Limit for the 403.
INVENTORY	Property Class Fourteen	Enter code: The code identifying the class / grouping of property into which the item falls. As used here, the main property class (i.e. Agricultural machinery and implements) as shown on the 403 Agriculture Property Section.
INVENTORY	Property Sub-Class Fourteen	Enter code: The code identifying the subclass / grouping of property into which the item falls. As used here, this is the sub property class (i.e. Tractors) as shown on the 403 Agriculture Property Section.
INVENTORY	Description Fourteen	Enter text: The description of the property class / grouping to be covered.
INVENTORY	Total Value Fourteen	Enter amount: The value of the item. As used here, the value of described item that when totaled with all items will give the Total Unscheduled Limit for the 403.
INVENTORY	Property Class Fifteen	Enter code: The code identifying the class / grouping of property into which the item falls. As used here, the main property class (i.e. Agricultural machinery and implements) as shown on the 403 Agriculture Property Section.
INVENTORY	Property Sub-Class Fifteen	Enter code: The code identifying the subclass / grouping of property into which the item falls. As used here, this is the sub property class (i.e. Tractors) as shown on the 403 Agriculture Property Section.
INVENTORY	Description Fifteen	Enter text: The description of the property class / grouping to be covered.
INVENTORY	Total Value Fifteen	Enter amount: The value of the item. As used here, the value of described item that when totaled with all items will give the Total Unscheduled Limit for the 403.
INVENTORY	Property Class Sixteen	Enter code: The code identifying the class / grouping of property into which the item falls. As used here, the main property class (i.e. Agricultural machinery and implements) as shown on the 403 Agriculture Property Section.
INVENTORY	Property Sub-Class Sixteen	Enter code: The code identifying the subclass / grouping of property into which the item falls. As used here, this is the sub property class (i.e. Tractors) as shown on the 403 Agriculture Property Section.
INVENTORY	Description Sixteen	Enter text: The description of the property class / grouping to be covered.
INVENTORY	Total Value Sixteen	Enter amount: The value of the item. As used here, the value of described item that when totaled with all items will give the Total Unscheduled Limit for the 403.

Section Name	Field Name	Field and/or Section Description
INVENTORY	Property Class Seventeen	Enter code: The code identifying the class / grouping of property into which the item falls. As used here, the main property class (i.e. Agricultural machinery and implements) as shown on the 403 Agriculture Property Section.
INVENTORY	Property Sub-Class Seventeen	Enter code: The code identifying the subclass / grouping of property into which the item falls. As used here, this is the sub property class (i.e. Tractors) as shown on the 403 Agriculture Property Section.
INVENTORY	Description Seventeen	Enter text: The description of the property class / grouping to be covered.
INVENTORY	Total Value Seventeen	Enter amount: The value of the item. As used here, the value of described item that when totaled with all items will give the Total Unscheduled Limit for the 403.
INVENTORY	Property Class Eighteen	Enter code: The code identifying the class / grouping of property into which the item falls. As used here, the main property class (i.e. Agricultural machinery and implements) as shown on the 403 Agriculture Property Section.
INVENTORY	Property Sub-Class Eighteen	Enter code: The code identifying the subclass / grouping of property into which the item falls. As used here, this is the sub property class (i.e. Tractors) as shown on the 403 Agriculture Property Section.
INVENTORY	Description Eighteen	Enter text: The description of the property class / grouping to be covered.
INVENTORY	Total Value Eighteen	Enter amount: The value of the item. As used here, the value of described item that when totaled with all items will give the Total Unscheduled Limit for the 403.
INVENTORY	Property Class Nineteen	Enter code: The code identifying the class / grouping of property into which the item falls. As used here, the main property class (i.e. Agricultural machinery and implements) as shown on the 403 Agriculture Property Section.
INVENTORY	Property Sub-Class Nineteen	Enter code: The code identifying the subclass / grouping of property into which the item falls. As used here, this is the sub property class (i.e. Tractors) as shown on the 403 Agriculture Property Section.
INVENTORY	Description Nineteen	Enter text: The description of the property class / grouping to be covered.
INVENTORY	Total Value Nineteen	Enter amount: The value of the item. As used here, the value of described item that when totaled with all items will give the Total Unscheduled Limit for the 403.
INVENTORY	Property Class Twenty	Enter code: The code identifying the class / grouping of property into which the item falls. As used here, the main property class (i.e. Agricultural machinery and implements) as shown on the 403 Agriculture Property Section.
INVENTORY	Property Sub-Class Twenty	Enter code: The code identifying the subclass / grouping of property into which the item falls. As used here, this is the sub property class (i.e. Tractors) as shown on the 403 Agriculture Property Section.
INVENTORY	Description Twenty	Enter text: The description of the property class / grouping to be covered.
INVENTORY	Total Value Twenty	Enter amount: The value of the item. As used here, the value of described item that when totaled with all items will give the Total Unscheduled Limit for the 403.

Section Name	Field Name	Field and/or Section Description
INVENTORY	Property Class Twenty-One	Enter code: The code identifying the class / grouping of property into which the item falls. As used here, the main property class (i.e. Agricultural machinery and implements) as shown on the 403 Agriculture Property Section.
INVENTORY	Property Sub-Class Twenty-One	Enter code: The code identifying the subclass / grouping of property into which the item falls. As used here, this is the sub property class (i.e. Tractors) as shown on the 403 Agriculture Property Section.
INVENTORY	Description Twenty-One	Enter text: The description of the property class / grouping to be covered.
INVENTORY	Total Value Twenty-One	Enter amount: The value of the item. As used here, the value of described item that when totaled with all items will give the Total Unscheduled Limit for the 403.
INVENTORY	Property Class Twenty-Two	Enter code: The code identifying the class / grouping of property into which the item falls. As used here, the main property class (i.e. Agricultural machinery and implements) as shown on the 403 Agriculture Property Section.
INVENTORY	Property Sub-Class Twenty-Two	Enter code: The code identifying the subclass / grouping of property into which the item falls. As used here, this is the sub property class (i.e. Tractors) as shown on the 403 Agriculture Property Section.
INVENTORY	Description Twenty-Two	Enter text: The description of the property class / grouping to be covered.
INVENTORY	Total Value Twenty-Two	Enter amount: The value of the item. As used here, the value of described item that when totaled with all items will give the Total Unscheduled Limit for the 403.
INVENTORY	Property Class Twenty-Three	Enter code: The code identifying the class / grouping of property into which the item falls. As used here, the main property class (i.e. Agricultural machinery and implements) as shown on the 403 Agriculture Property Section.
INVENTORY	Property Sub-Class Twenty-Three	Enter code: The code identifying the subclass / grouping of property into which the item falls. As used here, this is the sub property class (i.e. Tractors) as shown on the 403 Agriculture Property Section.
INVENTORY	Description Twenty-Three	Enter text: The description of the property class / grouping to be covered.
INVENTORY	Total Value Twenty-Three	Enter amount: The value of the item. As used here, the value of described item that when totaled with all items will give the Total Unscheduled Limit for the 403.
INVENTORY	Property Class Twenty-Four	Enter code: The code identifying the class / grouping of property into which the item falls. As used here, the main property class (i.e. Agricultural machinery and implements) as shown on the 403 Agriculture Property Section.
INVENTORY	Property Sub-Class Twenty-Four	Enter code: The code identifying the subclass / grouping of property into which the item falls. As used here, this is the sub property class (i.e. Tractors) as shown on the 403 Agriculture Property Section.
INVENTORY	Description Twenty-Four	Enter text: The description of the property class / grouping to be covered.
INVENTORY	Total Value Twenty-Four	Enter amount: The value of the item. As used here, the value of described item that when totaled with all items will give the Total Unscheduled Limit for the 403.

Section Name	Field Name	Field and/or Section Description
INVENTORY	Property Class Twenty-Five	Enter code: The code identifying the class / grouping of property into which the item falls. As used here, the main property class (i.e. Agricultural machinery and implements) as shown on the 403 Agriculture Property Section.
INVENTORY	Property Sub-Class Twenty-Five	Enter code: The code identifying the subclass / grouping of property into which the item falls. As used here, this is the sub property class (i.e. Tractors) as shown on the 403 Agriculture Property Section.
INVENTORY	Description Twenty-Five	Enter text: The description of the property class / grouping to be covered.
INVENTORY	Total Value Twenty-Five	Enter amount: The value of the item. As used here, the value of described item that when totaled with all items will give the Total Unscheduled Limit for the 403.
INVENTORY	Property Class Twenty-Six	Enter code: The code identifying the class / grouping of property into which the item falls. As used here, the main property class (i.e. Agricultural machinery and implements) as shown on the 403 Agriculture Property Section.
INVENTORY	Property Sub-Class Twenty-Six	Enter code: The code identifying the subclass / grouping of property into which the item falls. As used here, this is the sub property class (i.e. Tractors) as shown on the 403 Agriculture Property Section.
INVENTORY	Description Twenty-Six	Enter text: The description of the property class / grouping to be covered.
INVENTORY	Total Value Twenty-Six	Enter amount: The value of the item. As used here, the value of described item that when totaled with all items will give the Total Unscheduled Limit for the 403.
INVENTORY	Property Class Twenty-Seven	Enter code: The code identifying the class / grouping of property into which the item falls. As used here, the main property class (i.e. Agricultural machinery and implements) as shown on the 403 Agriculture Property Section.
INVENTORY	Property Sub-Class Twenty-Seven	Enter code: The code identifying the subclass / grouping of property into which the item falls. As used here, this is the sub property class (i.e. Tractors) as shown on the 403 Agriculture Property Section.
INVENTORY	Description Twenty-Seven	Enter text: The description of the property class / grouping to be covered.
INVENTORY	Total Value Twenty-Seven	Enter amount: The value of the item. As used here, the value of described item that when totaled with all items will give the Total Unscheduled Limit for the 403.
INVENTORY	Property Class Twenty-Eight	Enter code: The code identifying the class / grouping of property into which the item falls. As used here, the main property class (i.e. Agricultural machinery and implements) as shown on the 403 Agriculture Property Section.
INVENTORY	Property Sub-Class Twenty-Eight	Enter code: The code identifying the subclass / grouping of property into which the item falls. As used here, this is the sub property class (i.e. Tractors) as shown on the 403 Agriculture Property Section.
INVENTORY	Description Twenty-Eight	Enter text: The description of the property class / grouping to be covered.
INVENTORY	Total Value Twenty-Eight	Enter amount: The value of the item. As used here, the value of described item that when totaled with all items will give the Total Unscheduled Limit for the 403.

Section Name	Field Name	Field and/or Section Description
INVENTORY	Property Class Twenty-Nine	Enter code: The code identifying the class / grouping of property into which the item falls. As used here, the main property class (i.e. Agricultural machinery and implements) as shown on the 403 Agriculture Property Section.
INVENTORY	Property Sub-Class Twenty-Nine	Enter code: The code identifying the subclass / grouping of property into which the item falls. As used here, this is the sub property class (i.e. Tractors) as shown on the 403 Agriculture Property Section.
INVENTORY	Description Twenty-Nine	Enter text: The description of the property class / grouping to be covered.
INVENTORY	Total Value Twenty-Nine	Enter amount: The value of the item. As used here, the value of described item that when totaled with all items will give the Total Unscheduled Limit for the 403.
INVENTORY	Property Class Thirty	Enter code: The code identifying the class / grouping of property into which the item falls. As used here, the main property class (i.e. Agricultural machinery and implements) as shown on the 403 Agriculture Property Section.
INVENTORY	Property Sub-Class Thirty	Enter code: The code identifying the subclass / grouping of property into which the item falls. As used here, this is the sub property class (i.e. Tractors) as shown on the 403 Agriculture Property Section.
INVENTORY	Description Thirty	Enter text: The description of the property class / grouping to be covered.
INVENTORY	Total Value Thirty	Enter amount: The value of the item. As used here, the value of described item that when totaled with all items will give the Total Unscheduled Limit for the 403.
INVENTORY	Property Class Thirty-One	Enter code: The code identifying the class / grouping of property into which the item falls. As used here, the main property class (i.e. Agricultural machinery and implements) as shown on the 403 Agriculture Property Section.
INVENTORY	Property Sub-Class Thirty-One	Enter code: The code identifying the subclass / grouping of property into which the item falls. As used here, this is the sub property class (i.e. Tractors) as shown on the 403 Agriculture Property Section.
INVENTORY	Description Thirty-One	Enter text: The description of the property class / grouping to be covered.
INVENTORY	Total Value Thirty-One	Enter amount: The value of the item. As used here, the value of described item that when totaled with all items will give the Total Unscheduled Limit for the 403.
Edition	Date	The edition identifier of the form including the form number and edition (the date is typically formatted YYYY/MM).
